About the property

This home was purpose built in 2014 and with the main part of the house accommodating 4 bedrooms, a large newly renovated bathroom and separate powder room, open plan kitchen, dining and living area.

All areas of the house and property are flat and accessible for wheelchairs. Residents are able to access garden areas and come and go as they choose; the property is not a gated environment.

There is ducted heating and cooling throughout; heating and cooling is zoned and can be regulated for each bedroom area according to personal preferences.

The house has a relaxed atmosphere. Current residents and their families are welcome to spend time together. The residents are encouraged to be part of the running of the house and provided opportunities to develop their independent living skills.

The house is fully wheelchair accessible with wide hallways and doors. Overhead ceiling hoist tracking is available in some rooms (including bathroom). The ceilings have been reinforced to accommodate installation of ceiling hoists in other bedrooms if it is required.
